S OME months ago, a Mrs. Walker, of Crawford county, Ga., came to Dr. Gorman with her lettie dinghier, who was wretched affected with a stirt of Tetter, covering not only her head and neck strt of Tetter, covering not only her head and nucle but extending to many parts of the body. Previous to coming to Macon, every remedy within their reach had been used without touching the case. In this condition Dr. Little's Ringworm and Tetter Ointment was prescribed, and the result was, by the end of two weeks every vestige of the disease was entirely eradicated—a fact well understood, in the

neighborhood.
Some ten or a dozen important cases, and among Some ten or a dozen important cases, and among them, two or three obstinate scald-heads, have been cured recently by this remedy, and but one failure reported in the last four months—that was one of twenty years' standing, involving probably the whole system.

Extraordinary Success.

Cataneous affections, known as scald-leads, old or obstinute Tetters, and some others are extremely difficult to core—indeed, are incurable by most of the preparations physicians ordinarily prescribe.

From Doely county an extraordinary case has been given, of a man who has had a chronic Tetter upon the chin and lower hp for fifteen years, that had reisted every thing—which has recently been cured by Dr. Little's Ringworm and Tetter comment. It has been perfectly well for several months, though for years previous thought to be incurable.

From the Federal Union. TONIC BITTERS AND VEGETABLE

PILLS THE medicines are used together, for curing the diseason of this class; being not only strengthening and invig crating in their effects, but giving heathly tone and action to the stomach and bowels. There are many persons in every community af-flicted with a variety of symptoms, arising from no other cause than an impaired or enervated state of the digestive organs. As an evidence of this, let a sin-gle package of the medicine be used, and a great improvement will follow, which will most generally

result in a cure, by persisting with the remedies.

A bottle of the Antacid is to be used in addition to the P'lls and Bitters, whonever the tightness and oppression after meals, heartburn &c., are trouble Read the following well-marked cases, that has so

long baffled all other remedies. Bailders county. April 1849
Dz. Lettle-Dear Sir: For the last six or eeven
years my wife has been badly afflicted with dyapepsia, so much so as to become recarry helpless, altho' having been attended by two or three physicians— During the last year she took, whilst in this situa-tion, your Antacad and Vegetable Pills, which helped her much from that sinking or oppression after ent-in bosides gaining strength. She continued to amprove fast, particularly when we used the Tonic Bitters with the other medicines and is now copying

presty fair beath, and feels like a new being.
Yours respectfully.
